**OFFICE OF LEGISLATIVE COUNSEL**

**Thursday - 28 June 1962**

- 25X1 1. [ ] Attempted to see Representative Clarence Cannon at the Director's request but missed him at both of his offices. However, left word with his secretary that the Director would like to see him and subsequently arrangements were made and confirmed with Cannon and with the DCI for the Director to see Cannon (not the Committee) at two o'clock on Monday, 2 July 1962, in Room P-3 of the Capitol.
- 25X1 2. [ ] Talked with Dr. Morgan, Chairman of House Foreign Affairs Committee, outlining the request of Representative Selden to Richard Goodwin of State that CIA brief Selden on covert activities [ ] I explained that, of course, we could not brief Mr. Selden. Dr. Morgan saw our position and suggested that we go ahead as planned and simply so advise Selden and Dr. Morgan assured me that if Selden pushed the matter with him that he, Dr. Morgan, would support our position on this.
- 25X1 3. [ ] Met with William Saltonstall, in the office of Senator Leverett Saltonstall, concerning the surplus termination case which the Senator had called Mr. McCone about and was advised the Senator was handling this matter personally. On meeting with the Senator he indicated that the individual in question was concerned that indiscretions overseas some years back were available to some prospective employers and defeating the chances of other employment. I advised that the matter in question had been reviewed at the time and the individual exonerated. Advised further that it was not normally possible for such information either to be released or to be obtained from Agency files but that I had not the matter specifically in this instance. The Senator requested that I do so and advise him on Friday.
- 25X1 4. [ ] I met with Senator Capehart and discussed briefly a letter dated 15 June which he had received from Mr. Feuerstein. The Senator furnished copies of the letter which are being forwarded to SR Division for assistance in preparation of a reply. (See Journal of 7 June 62)
